

Accommodation at Inaxtion

**A single
room**

**Well-maintained
rooms**

24/7 Wifi access

**Accommodation located
nearby working environment**

ACCOMMODATION

InAxtion is involved with projects all over the country. From time to time your project might be too far away to commute from home. In that case, InAxtion is very happy to arrange good-quality affordable accommodation. We rent out homes that comply with all legal requirements and hold the SNF Certificate (www.normeringflexwonen.nl; organisation which regulates rented accommodation for migrant workers). We do not make a profit on our rented accommodation. That's not the point. We just want you to be comfortable.
